Once we started down the skincare rabbit hole it made sense to offer a product you could feel comfortable with putting near your eyes and brought amazing results.

RENEW was formulated with exacting standards and our mission is to ALWAYS provide you the cleanest, most effective product to enhance your life.

The ingredient list is a star-studded list. It's full of timeless treasures and a new clean ingredient that really gives our luxurious eye cream and YOU an unfair advantage when battling the signs of aging.

Let's dive into them one by one....

Jojoba –

- anti-inflammatory properties which help to tame chaffing and chapping,
- reduce redness caused by drying,
- ease the effects of eczema and rosacea, and keep skin calm and comfortable.
- The Vitamin E and B-complex vitamins in the Jojoba oil help in skin repair and damage control.
- Soothes dry skin.

Olive Oil –

- Antioxidant content.
- Olive oil may help prevent premature signs of aging on the skin.
- Vitamin content.
- Antibacterial effects.
- Moisturizing effects.
- Moisturizer and after-sun treatment.
- Exfoliator.

Purified Water –

- Softer skin. Chemicals and minerals can make the skin dry. Quite the opposite, purified water has no harsh effects on skin, leaving it soft and moisturized.
- Add glow. Soft water doesn't remove the natural oils from your skin and makes it look moisturized.

Avocado Oil –

- The beta carotene, protein, lecithin, fatty acids, and vitamins A, D, and E found in avocado oil help moisturize and protect your skin from damaging UV rays
- and also increase collagen metabolism.

Apricot kernel oil –

- anti-aging benefits.
- It's recommended for dry and mature skin types due to its mild, highly moisturizing nature and rich antioxidant content.
- Daily use of apricot kernel oil can be used to help diminish the look of wrinkles and other signs of aging.
- It is readily absorbed by the skin leaving no oily residue.
- Great choice for an under eye cream as it helps to reduce dark circles, puffiness and to strengthen the skin around the eye area.

Beeswax –

- antiviral, anti-inflammatory, and antibacterial properties that are essential in fighting chapped skin and bacterial infections that tend to affect us most in the dry, winter months.
- It forms a protective wall by sealing in moisture in our skin without smothering and clogging up the pores.

Witch hazel –

- acts as astringent to help shrink your pores,
- soothe your skin and reduce inflammation.
- Soothes puffy eyes.

Manuka Honey –

- it occupies a position of choice in cosmetics as a true skin delicacy, thanks to its gentle and sweet smell,
- as well as its moisturizing, purifying, healing and soothing properties.
- Repair. Calming. Soothing. Redness.

Matrixyl Morphomics –

- constitutes an unprecedented way of combating wrinkles,
- especially vertical lines that give the face a sad expression.
- Aging. Repair. Smoothing.

Testing Results

We had our new Organixx Skin: Renew Eye Cream 3rd party tested, and it came back squeaky clean. No pesticides, herbicides, GMOs or heavy metals to worry about with your new eye cream!
