### What is the Organixx LIVE IT challenge?

Unlike a diet, Organixx Live It implies positive action. A diet is restrictive; it requires a person to limit the things that they eat or drink in order to be successful. Organixx Live It is the opposite. It is unlimited and inspiring. Organixx Live It is a path to wellness that allows you to take action, participate in activities that bolster your health, improve your overall wellness, and inspire your continued journey to a long-term healthy lifestyle.

During our Live It activities, we will be challenging ourselves to improve our health and well-being and we will have a little fun at the same time, with chances to win some amazing prizes.
